

Partner in Our Growth

Join hands. Change lives across Uttar Pradesh.

A Specialized Model. A Replicable Impact.

Beyond Disability Foundation provides direct financial and practical support for assistive technology, cochlear implant maintenance and specialized therapy. We are expanding from major cities to every district of Uttar Pradesh, with a future pan-India support network.

Where CSR Support Creates Impact

Cochlear Life-Support	Digital Empowerment	Therapeutic Aid
Cables, batteries and coils that keep the gift of hearing active.	Smartphones and laptops that unlock accessible education.	Financial grants for Autism, Speech and OT interventions.

Partnership Opportunities

Sponsor assistive devices, fund therapies, support lifetime maintenance, build digital classrooms or collaborate on awareness campaigns. Partnerships can be designed around district, service category, beneficiary cohort or an annual impact goal.

What Partners Receive

- Transparent utilization and impact reports
- Brand visibility aligned with programme delivery
- Field-visit and beneficiary engagement opportunities
- CSR compliance documentation support
- A long-term, measurable partnership roadmap

Our Growth Roadmap

Phase 1 - Achieved	Phase 2 - Current	Phase 3 - Future
500+ lives supported in major cities.	Reaching all 75 districts of Uttar Pradesh.	A pan-India network for CI maintenance and assistive technology.
